## **NEW PATIENT MEDICAL CHECK**

Welcome to **Old Farm Surgery**. In order for us to get to know you better and to help us complete your registration, we would be grateful if you could complete this Registration Questionnaire and the attached purple GMS1 Form and return to us within 2 weeks.

**It will be necessary for you to send in (by post or email) a form of identification showing your current address for verification.**

Once we have received and reviewed this questionnaire, and if we feel we need to see you for blood tests or investigations in relation to any chronic conditions, we will contact you and invite you to the surgery.

Thank you.

**IF YOU WOULD LIKE TO RECEIVE DETAILS OF SPECIAL HEALTH PROMOTION EVENTS AND APPOINTMENT REMINDERS BY TEXT MESSAGE, PLEASE COMPLETE THE CONSENT FORM BELOW**

**PATIENT CARE TEXT MESSAGING**

**CONSENT FORM**

**Declaration**

I consent to the practice contacting me by text message for the purposes of health promotion and for appointment reminders.

I acknowledge that appointment reminders by text are an additional service and that these may not take place on all / or on any occasion, and that the responsibility of attending appointments or cancelling them still rests with me. I can cancel the text message facility at any time.

The surgery also offers a reply facility to enable patient to respond to texts directly.

Text messages are generated using a secure facility however I understand that they are transmitted over a public network onto a personal telephone and as such may not be secure, however the practice will not transmit any information which would enable an individual patient to be identified.

I agree to advise the practice if my mobile number changes or if this is no longer in my possession.

Old Farm Surgery offers its patients the choice of having a Summary Care Record.

The new NHS Summary Care Record has been introduced to help deliver better and safer care and give you more choice about who you share your healthcare information with.

**What is the NHS Summary Care Record?**

The Summary Care Record contains basic information about:

- any allergies you may have,
- unexpected reactions to medications, and
- any prescriptions you have recently received.

The intention is to help clinicians in A & E Departments and 'Out of Hours' health services to give you safe, timely and effective treatment. Clinicians will only be allowed to access your record if they are authorised to do so and, even then, only if you give your express permission. You will be asked if healthcare staff can look at your Summary Care Record every time they need to, unless it is an emergency, for instance if you are unconscious. You can refuse if you think access is unnecessary.

Over time, health professionals treating you may add details about any health problems and summaries of your care. Every time further information is added to your record, you will be asked if you agree.

**Children under the age of 16**

Patients under 16 years will not receive this form, but will have a Summary Care Record created for them unless their GP surgery is advised otherwise. **If you are the parent or guardian of a child then please either make this information available to them or decide and act on their behalf. Ask the surgery for additional forms if you want to opt them out.**

---

- If you are happy for a Summary Care Record to be set up for you then you need take no further action.
  - If you want to opt-out now please tick the box below and return it to Reception as soon as possible.
